

TWO GAMES FOR RED SOX

Surprising Day's Work For Boston Ball Team

HIGHLANDERS, LOSERS

Morgan Was All to the Good in the First Game and Shut Out New York—Great Batting Rally Won the Second Contest.

New York, June 3.—The Boston Red Sox captured a double-header from the Highlanders yesterday afternoon, the first with a 7-0 victory, and the second by a grand rally in the ninth during which they tallied four times and just needed to home team out, 6 to 5.

The first game was won by the splendid pitching of Morgan who allowed but three hits, two of which were doubles by Stahl. The Boston twirler had the locals completely at his mercy. Hogg was hit for ten safeties, generally bunched. In the fourth a pass, Unglaub's single, Sullivan's sacrifice and Wagner's punt hit gave two tallies. Five hits, including a triple by Cravath and a double by Morgan, gave them four tallies in the sixth, while a pass, an out, a muff and a fielder's choice completed the perfect number of seven in the seventh.

The Second Game.

Winter started to pitch for Boston in the second game and after four runs had been scored on eight hits in four innings he was relieved by Burchell, who was hit safely five times during the remainder of the game. Two of the hits were triples and another a double, but New York scored but a single tally on them.

Singles by Keeler, Hemphill and Chase scored twice for New York in the third inning and doubles by Newton and Conroy, with a single by Niles, added two more in the fourth. Niles' triple and a passed ball made the Highlanders' fifth and last in the seventh.

Meanwhile Boston had gathered two runs. In the fifth McFarland batted for Winter and singled. Thoney did the same but was forced by Lord. Singles by McConnell and Cravath brought the two scores in.

The tally sheets stood 5 to 2 against them when the Red Sox went to bat for the last time in the ninth, but the fates were with them, also a little stick work. Laporte batted for Burchell and singled. Thoney also singled. Lord and Cravath couldn't do anything and went out. With the game supposedly done, Ball dropped Cravath's fly and Laporte

CORPORATION TAX UPHELD IN NEW HAMPSHIRE.

Supreme Court Rules Board of Equalization is Right on Railroad, Telegraph and Telephone Rates.

Concord, N. H., June 3.—Two opinions of importance were handed down in the supreme court yesterday, the first of which upheld the state board of equalization in its method of assessing the corporation taxes of the states, and the second upholding the verdict of nearly \$25,000 against the Boston & Maine railroad in the action brought by Harry L. Piper of this city to recover for personal injuries.

The first action was instituted in the Belknap county court by Walter C. Wyatt of Tilton in 1907 to secure a change in the methods of the board of equalization in assessment of railroad, telegraph and telephone taxes, on the ground that the taxes assessed against such corporations were not equitable with the taxes assessed on other property in the state.

To the bill the board of equalization demurred, and the demurrer was sustained in an opinion written by Chief Justice Parson.

CHAMBERLAIN IN OREGON

Primaries Apparently Carried by Democrat

HE DEFEATS CHAMBERLAIN

In Contest for Senatorship—Winner Will Be Elected by the Legislature—Many Important Issues for the Voters' Consideration.

Portland, Ore., June 3.—Governor George K. Chamberlain, Democrat, is the choice of the people of Oregon, for the United States senatorship. To succeed Charles W. Fulton, Republican, and a Republican legislature has been chosen to elect him. Chamberlain's majority over his opponent, Henry C. Baker, Republican, will exceed 1,000, it is believed.

His victory is in the nature of a personal triumph. Oregon normally is Republican, and in 1904 Roosevelt's plurality was 42,324. Mr. Chamberlain has twice been elected governor of this state.

Returns from interior points are coming in slowly and show the candidates running a close race, with "Statement No. 1" candidates running strong for the legislature. "Statement No. 1" carries with it a promise to vote for the candidate for United States senator who receives the largest popular vote at the polls in a regular election. Whether "Statement No. 1" legislators will predominate at the coming session of the legislature is a question which may not be determined until the last vote is counted.

Prohibition was a hard-fought issue in twenty-nine counties, and the indications are that a large majority of the counties voted "dry." Single tax has been beaten. Woman suffrage has probably been defeated.

One of the most important measures which was voted on deals with the subject of taxation. It is not an out-and-out single tax proposition, such as advocated by the late Henry George, but it is a longer step in that direction than has ever been passed before American voters. It is based on the theory that there should be but one tax, and that should be placed on land values.

The amendment to the taxation law which the electors will vote on reads: That all dwelling houses, barns, sheds, outhouses and all other appurtenances thereof; all machinery and buildings used exclusively for manufacturing purposes, and the appurtenances thereof; all fences, farm machinery and appliances used as such; all fruit trees, vines, shrubs and all other improvements on farms; all live stock; all household furniture in use, and all tools owned by workmen and in use, shall be exempt from taxation.

229 CONTESTED SEATS AT CHICAGO

Republican National Committee Figures on 114 Hours to Hear Evidence.

Chicago, June 3.—According to the statements of Chairman Harry S. New of the Republican national committee, that body is likely to have strenuous work ahead of it in the consideration of the contested seats.

"There are" he said yesterday, "229 contested seats and we estimate that it is going to require 114 hours to hear and consider the evidence in all of these cases. Of course there is a chance that some of the contests will not be brought before the committee, but the chances are that most of them will come up for solution. The national committee plans to begin the hearing of these contests at 11 o'clock Friday morning and it will be compelled to sit every afternoon and evening until June 16, and even then it probably will not be able to finish its work before the morning of the convention."

TAFT WON'T ATTEND.

Will Remain in Washington During Convention.

Washington, June 3.—According to the latest plans of the administration, Secretary Taft will remain in Washington during the sessions of the Chicago convention. All the leading Taft lieutenants will be in the Windy City, but Mr. Taft expects to receive the result of the balloting here. President Roosevelt will also remain in Washington during the convention, leaving for Oyster Bay a few days later.

IN DEMAND AS SPEAKER.

Debs Will Have Aid of Countess of Warwick.

New York, June 3.—Eugene V. Debs, candidate for president on the Socialist ticket, finds a great demand for him to speak throughout the country.

There was great rejoicing when it was officially announced that the Countess of Warwick will take the stump in behalf of the Socialist candidate and will head a committee of several hundred women Socialist speakers who will invade New York. The countess will take an active part in politics in this city. After the conference Mr. Debs said:

"I will begin my campaign at Chicago in September, and after a tour of the country will wind it up in Chicago two days before election. Every indication points to a large Socialist vote this year."

"We will have 5,000 open-air speakers men and women, throughout the country when the campaign opens, and the countess of Warwick will come here and take an active part in it."

"There are 400,000 railroad people out of work. I was in Chicago a day or two ago and was shown a line a mile long of locomotives which were standing idle. This in itself to my mind is a good argument for Socialism."

NEVADA INSTRUCTS FOR BRYAN.

Delegates to Vote For Him First, Last, and All the Time.

Carson, Nev., June 3.—After a session lasting until after midnight the Democratic state convention last night

adopted a platform which instructs delegates to the national convention at Denver to vote for William J. Bryan for the presidential nomination, first, last and all the time. Theodore A. Bell of California was chosen for chairman of the national convention. The following named were elected delegates to the Denver convention: United States Senator Francis K. Newland, Governor D. S. Hickenlooper, Edward C. Clark, John Sunderland, Jr., Charles Evans and Ole Elliott.

NO RYAN MONEY FOR BRYAN.

Dahlman Says \$15,000, Not \$20,000, Was Used in State Campaign.

Omaha, Neb., June 3.—Mayor James C. Dahlman of Omaha, Democratic national committeeman for Nebraska, says the money referred to in a statement published in New York recently as having been contributed to the Democratic campaign fund in Nebraska, in 1904, by Thomas F. Ryan, was received and distributed by him. "We got \$15,000, not \$20,000," said Mr. Dahlman, "in three payments, and it was all turned over to me, and I spent it all in the state campaign, not one penny of it going into the national campaign or to Mr. Bryan."

FOUR MORE VOTES FOR HEARST.

His Gain on Thirty-Three Boxes So Far Examined Is Ninety-Three.

New York, June 3.—In the recount of votes of the Hearst-McClellan majority election of 1905, which was continued today, seven ballot boxes taken from the first assembly district showed a net gain of four votes for William R. Hearst. The net gain for Hearst to date in thirty-three boxes examined is ninety-three votes.

LATEST SPENCER WILL REJECTED

\$2,000,000 Instrument Offered on Claim He Was Resident of France.

New York, June 3.—Surrogate Thomas has refused to admit to probate a will executed by the late Charles G. Spencer in 1898 and has decided to admit as a valid instrument a will he executed in 1892. The testator was a son of Lorillard Spencer, sr. His mother was a Miss Griswold. He was born at 85 Fifth avenue on Sept. 21, 1858, and left more than \$2,000,000. He died in Paris.

The will refused probate was executed on Aug. 3, 1898, at Newport, R. I. It was in photographic form, without witnesses. It was alleged that the decedent was a resident of France and that the execution was according to the law of that jurisdiction.

Buffalo, N. Y., June 3.—The American and Canadian sections of the International waterways commission met in joint session here yesterday. The meeting was called, said George Canton, one of the three members of the American section, "to consider the laying out of the boundaries which run through the great lakes and the Connecticut river and channels from the point of the intersection of the international boundary line with the St. Lawrence river, to Pigeon river. This work comes under the terms of the treaty which calls for a revision of the boundary line between the United States and Canada."

Palmyra, Neb., June 3.—Mrs. John Knox of this place is at the Pasture institute in Chicago, suffering from rabies caused by the bite of a pet cat. The cat was lying in Mrs. Knox's lap about a week ago, when it suddenly sank its teeth deep into her hand. A few days later the hand commenced to swell. She left at once for Chicago, taking the cat with her. A telegram yesterday announced that an examination of the cat's brain showed a well-developed case of rabies.

OIL SUIT BEGINS.

Government Opens Fire on Standard at Rochester.

Rochester, N. Y., June 3.—In the case of the Standard Oil company, on trial before Judge Hazel in the United States court on a charge of accepting a rate lower than the one filed for the shipping of oil, S. Wallace Dempsey, special Assistant Attorney General, opened for the prosecution yesterday. He gave a brief history of the case. The indictment brought covers the shipment of forty cars of oil during August, 1904, and May, 1905. The first witness called was George M. Crossman, an employee of the interstate commerce commission.

TO PALE, THIN PEOPLE.

Druggist D. F. Davis Offers to Pay for Samose If It Does Not Make Thin Folks Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but this food is not properly digested, and does them no good. Samose, the remarkable flesh forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

Weigh yourself before you commence the use of Samose, and you will notice steady gain. Samose is not a cod liver oil or similar nauseating concoction, but a scientific flesh-forming food that restores the thin and scrawny to their proper weight, and fills the weak and debilitated with vigor and vitality.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that druggist D. F. Davis is willing to pay for the treatment if it does not give the desired results. He makes this offer generally and wants all who are thin, weak or out of health to get a box of Samose from him on those terms.

Washington, June 3.—Representative Charles E. Littlefield of Maine is the recipient of a great honor, to which is attached a small fortune, at the hands of the supreme court of the United States. He has been appointed master to take evidence in one of the most interesting and unique suits ever brought by one state of the union against another—the suit of Virginia to compel West Virginia to bear her portion of the debt of the Old Dominion incurred before the state divided at the outbreak of the Civil war.

Approximately \$15,000,000 is at stake, and in the settlement of the case it is estimated that Mr. Littlefield's fee will amount to between \$30,000 and \$40,000. His selection is a tribute to his standing as a lawyer.

At the beginning of the Civil war Virginia owed a debt of approximately \$40,000,000, incurred largely for internal improvements. West Virginia separated from the mother state and entered the Union as an independent state, taking with her one-third of the territory and population. Virginia for years tried to get a settlement of the debt.

About three years ago the Virginia legislature authorized the attorney-general to file a suit against West Virginia. The suit was tried last year before the supreme court, and West Virginia filed a demurrer, claiming Virginia had no right to bring suit.

The supreme court held the Virginia had the right and that West Virginia must answer. The hearing came up two months ago before the supreme court on the merits of the case, and the court ordered that a master must be appointed to take evidence.

West Virginia asked for the appointment of Representative Littlefield. The appointment is entirely satisfactory to Virginia.

The case will practically be decided by Mr. Littlefield, as in such cases the report of the master is usually accepted by the court. He will retire from Congress in September, and probably will devote his time to this case for three years.

ANOTHER HEIR SOON TO SPANISH THRONE.

Announcement of Expected Event Was Made Yesterday at Madrid.

Madrid, June 3.—The Gaceta announces that another heir to the Spanish throne may be expected in about a month.

King Alfonso has had the names of his first-born entered in full (11 in all) upon the roll of a regiment, and the child wears the number of it, in gold, pinned upon his bib. A bed in the barracks is reserved for him as the latest recruit.

Brilliant ceremonies took place in Montserrat park, where the cadet corps of the public and private schools of Madrid swore fidelity to the flag, as part of the celebrations in honor of the centenary of Spanish independence.

The plaza was beautifully adorned with flowers, flags and cannon. The royal family and members of the cabinet occupied seats on the grand stand. The crowd was enormous. The king descended the steps of the stand, after the oath of fidelity had been taken by the school boys, bearing in his arms his young son, the heir to the Spanish throne. King Alfonso kissed the flag and then pressed against its folds the lips of the little prince, who imitated his father's action.

HELD FOR MURDER OF SON.

Shelburne, N. H., Farmer Charged With Killing Boy.

Gorham, N. H., June 3.—On a charge of murdering his son, Elmer, aged three and a half years, Edward Wilson, a farmer of Shelburne, was held without bail for the September term of the superior court by the municipal court here Monday. The child was found dead in bed Saturday morning at the home of Mrs. Alden Wilson, the defendant's sister, three miles from Shelburne, where Wilson and his son had been staying for two weeks. In court Mr. and Mrs. Alden Wilson and Mrs. Edward Wilson were witnesses. The testimony was to the effect that the defendant and his wife had separated some time ago and that Edward Wilson had made threats against his wife and young son. The defendant pleaded not guilty of murder. He put in no testimony at the hearing.

PRESIDENT HEADS OFF BOOM FOR HIM.

Word That "No Friend of Mine" Will Talk Third Term Ends West Virginia Move.

Washington, June 3.—Because President Roosevelt's latest declaration that "no friend of mine" will continue efforts to renominate the president was written to one of West Virginia's delegates to the Chicago convention and a personal friend for the special purpose of heading off what appeared to be a united effort among certain delegates from that state to revive the Roosevelt sentiment, the general publication of the letter is regarded as not expedient or desirable.

The president's friends, echoing his sentiments, add that the president has expressed himself to the country on this subject in terms which admit of no uncertainty. That the massive has accomplished the purpose for which it was written is said to be the fact.

COTTON LEAK CASE JUNE 19.

The Date Set for the Appearance of the Men Indicted.

New York, June 3.—Moses Haas and Frederick A. Peckham, who were indicted with Theodore H. Price by the federal grand jury on charges of conspiracy and bribery in connection with the cotton report leak, surrendered themselves Monday to the government authorities upon their arrival in this city from Saratoga. When Haas and Peckham appeared before Judge Chatfield in the criminal branch of the United States circuit court, where the case was presented by Assistant United States Attorney Dorr, Haas was required to furnish \$10,000 bail. It was then understood that the grand jury had found four indictments against Haas. Peckham's bond was fixed at \$5,000. Upon the arraignment of the two men tentative pleas of not guilty were entered for them by their counsel and they were released on bail. Haas and Peckham, before their release, were instructed to be in court again on June 19.
